Splatterworks

ABOUT THE ARTIST...

HOW IT ALL STARTED

Splatterworks started as a unique Splatter Pet Portrait for family and friends on special occasions. By day Katherine worked as a Computer Artist designing logos for companies, and by night Katherine worked away in her studio painting splatter watercolour animals and turned them into fine art prints to sell at local craft markets.

OUR SUCCESS STORIES

In 2014, Katherine won a giftware competition run by Wraptious. This opportunity allowed Katherine to have her beautiful designs printed onto giftware products and sold in lots of gift shops across the UK. Katherine became one of their best-selling Artists and Splatterworks soon became a household name. In 2016, Katherine won the Gift Of The Year Awards for her cute watercolour designs that were printed onto vegan suede cushions.

Katherine is now able to work at Splatterworks full time as it continues to grow from strength to strength. New splatter designs are introduced monthly as well as an ever growing giftware range.

All of our designs are hand painted in
watercolour by Katherine Williams

We thank you for your continued support. We have always been extremely concious of the impact of any price increase for our stockists and over the years have absorbed these cost increases rather than passing prices rises to our customers however this year we have had to increase some of our unit costs slightly. We are proud of the relationships that we have with our British suppliers and work closely with them to maintain the high quality of products. We have made only minimal adjustments to our pricing for certain products.
